Message from the Mayor: Encana Operator Agreement Update

Earlier this week it was reported the new Operator Agreement with Encana would be coming before the Board for a vote during our Tuesday, July 28th meeting which meant the agreement would be released as part of the agenda packet today. However, due to a scheduling conflict with two Trustees who will be out of town next week, I have asked that this item be moved until such time that the entire Board is present and all are able to provide their input on this important document. I shared my intent with Encana representatives today and they graciously agreed to my request.

The Operator Agreement will now be scheduled for the August 25, 2015 Board of Trustees meeting. The full document will be released in advance of this meeting to allow time for public review and for the Board to gather feedback from the citizens of Erie.

Sincerely,
Mayor Tina Harris
